Golf Course Sale Is Consummated By Utility District

Sale of the Ponderosa Golf Club by the Truckee Public Utility District was consummated last week when approximately $150,000 was paid by the new owners, Alex Stewart, Jackie E. Jensen and Reynold C. Johnsen for the property just south of Truckee on the Brockway cutoff.

The sum was a balance due under an option on the property taken by the partners two years ago.

Manager Francis Longo of the utility district said a bank loan of $68,750 has been retired, a depositors' fund of $4,000 established and the balance of approximately $69,000 has been earmarked for a reserve fund to cover future costs.

Stewart announced that the course will be maintained under the same policy and with the same prices as last year.

It was not immediaely determined whether plans to install four new dwellings and possibly a small motel on the 69-acre tract will be carried out.

Under terms of the sale of the property for $160,000, it was agreed that the golf course would be maintained for the public for a period of at least ten years. Since the option two years ago, the partners have paid some $20,000 which was applied to the sale completed last week.

State Wants Boost In Assessments On County Property

Appearing before the board of supervisors last week, County Assessor Charles Kitts jarred the session with a report that the state board of equalization has ordained the Nevada County assessed valuation be increased one third or approximately $10 million.

Kitts said he expects a rush of tax protestants when the supervisors sit as a board of equalization.

He said all taxpayers whose assessments increased 25 per cent or more for the coming tax year, will be notified before June 15.

The supervisors are seeking some legal method for avoiding the edict and are expected to request a hearing before the board of equalization.

The state's demand, it was pointed out by Kitts, is based on samples as measured by increase in school enrollment, the increase in sales tax and the increase in persons covered by unemployment insurance.

Chairman H. G. Loehr said the board was "shocked" by the assessor's statement and immediately set to work to have the action of the state board more fully explained.

Survey Is Made To Provide Land For New Patrol Office

State engineers were here last week surveying the property which will house the new California Highway Patrol and department of motor vehicles offices near the Tahoe overpass in Gateway Park.

An area approximately 325 by 200 feet just south of Emigrant Way on the east side of Route 89 has been approved and purchase is being negotiated with Richard Joseph, the owner.

Approximately $275,000 has been allocated to build the new structure, replacing the offices now being leased just west of where the new building will be constructed. The patrol and department of motor vehicles have been in the present location for ten years and the lease expires at the end of this year when the new building is expected to be well along toward completion.

Lieutenant Oliver Ledford, in charge of the Truckee substation for the patrol, said the present quarters are inadequate for the personnel, records and other facilities. The new building, he said, is being planned for a 20-year expansion with adequate space for the department of motor vehicles and the patrol.

The new location, it was pointed out, is ideal for all purposes, being near the freeway, adjacent to Highway 89, Emigrant Way and with ample parking and good drainage.

It was not indicated when work will start but it is expected some time this summer.

Fink Tops Nimrods As Donner Opened

Charles Fink, pharmacist at Loynd's Truckee Drug, climaxed the week's fishing efforts at Donner Wednesday morning when he landed a 38-inch mackinaw that weighed 21 pounds, believed to be the biggest caught during the week. Fink was accompanied by Bob Moore of Osburn's Buick Garage.

Despite the chilly wind and brief snow flurries, fishing at Donner Lake during the opening weekend was fair and a number of good catches were recorded Saturday and Sunday.

Probably one of the biggest fish caught was by Kenneth Osburn who hooked a six pound mackinaw. Ken's father, Clarence landed a rainbow which was near that weight, while Robert Seibold's four-pound mackinaw received honorable mention. Other fair catches were recorded by Charlie Fink, Bud Owens and other local anglers.

The cold wind kept many away on the opening days and a bigger turnout is expected as the weather warms up a bit.

SURVEY SHOWS HIGH SNOW LEVEL IN AREA

BIG BEND—The United States Forest Service reports an average of 35.6 inches of water left in the snow pack near Huysink Lake as compared to 15.9 inches at the same time last year.

The April 2 snow survey at the Huysink snow course was made on skis by Big Bend District Ranger Dick Austin and Dick Eacobacci from the Tahoe National Forest supervisor's office.

Austin reports the average depth of snow was 92.9 inches—which was 12 inches more than a month ago. The water from this snow course drains into the North Fork of the American River from the 6,600 foot elevation.

These surveys are made in cooperation with the California department of water resources. From the surveys the department publishes information of benefit to water users within the state.

Commission Seeks Fire Station Bids

Bids for the construction of a fire house to be located near the Tahoe Truckee High School will be opened by the commissioners of the Truckee Fire Protection District at 10 a. m. Tuesday, April 28.

The new station, supplementing the one near the Southern Pacific depot, will be located on old Highway 40 just west of Smart's at the northeast corner of the property of the high school.

Plans and specifications may be obtained from N. F. Dolley, president of the board of commissioners at the D&D Agency in the Southern Pacific depot.

The new building will be approximately 27x50 feet, one story, large enough to house two or three pieces of equipment in the future. However, at the present time, Dolley said, one of the present trucks will be stationed there. In the future, he said, an additional pumper will be purchased as the district grows.

Cost of the new building, to be constructed of concrete blocks and board lined, will be in the neighborhood of $12,000. This was provided for in this year's budget.

McGlade Resigns As Administrator Of Local Hospital

John J. McGlade, for the past ten years administrator at the Tahoe Forest Hospital, has tendered his resignation to the board of directors, effective April 30 and has accepted a position as administrator at the Carson-Tahoe Hospital in Carson City, Nevada.

The entire community will sincerely regret the departure of the McGlade family and will join in wishing them success and happiness in their new home.

During the ten years McGlade had administered the business affairs of the hospital here, a tremendous change has taken place. The medical staff, for instance, has increased from two to nine doctors and the percentage of occupancy has risen from 38 to 65. The annual income of $83,500 has risen to $353,017 for the fiscal year ended last June 30.

There were 5,500 emergency and out patients treated last year compared to 800 when McGlade took over the reins.

The administrator has earned wide respect throughout the state and was elected president of the Sacramento Valley Hospital Conference in 1958. He is a charter member of the American Academy of Medical Administrators, a member of the Nevada County Grand Jury and the Nevada County Building Company, the group which planned and developed the new county building in Truckee. He has been clerk of the Truckee Sanitary District since 1952.

McGlade came here shortly after he completed service in World War II and prior to his employment at the hospital was clerk for the California Highway Patrol and business administrator for the Tahoe Truckee School District.

In his new position, McGlade will have duties similar to those he carried out so capably here.

Directors of the Tahoe Forest Hospital expressed regrets in accepting the resignation and have not yet secured a successor.

Lieutenant Ledford said the local squad will be increased to 15 starting May 7. There will be 13 traffic officers, the lieutenant and sergeant.

A prominent banker talks about U.S. Savings Bonds

"U. S. Savings Bonds are one of the foremost instruments for advancing the cause of thrift and encouraging habits that contribute not only to individual security, but also to the stability of our nation.

"In addition to the benefits of personal and family security which Savings Bonds bring, a significant portion of government financing is handled in a noninflationary manner when a sizable amount of the federal debt is placed in the hands of millions of Americans.

"I urge continued support of the Savings Bonds program as a means of accomplishing these worthwhile ends."

Your Supervisor Should Always be Available

During the more than 20 years that I have served as your representative on the Nevada County Board of Supervisors, I have made it a strict rule to always be available to everyone to hear their suggestions, complaints or just enjoy a visit. I shall maintain this policy throughout my incumbency.

Not only have I listened to advice and suggestions, but I have endeavored always to follow those suggestions, if they are for the best interests of the community, individual or organization concerned.

True, I have not always attended public meetings, as it would be virtually impossible to be present at all of them. However, I have never neglected to respond and follow through on suggestions brought to me from those meetings.

Other members of the board have been most cooperative in assisting your supervisor in furthering projects beneficial to the fifth district. I believe this is due in a large degree to the fact we have mutual confidence and respect for the needs of our separate communities. Without this cooperation each district —including ours—would suffer.

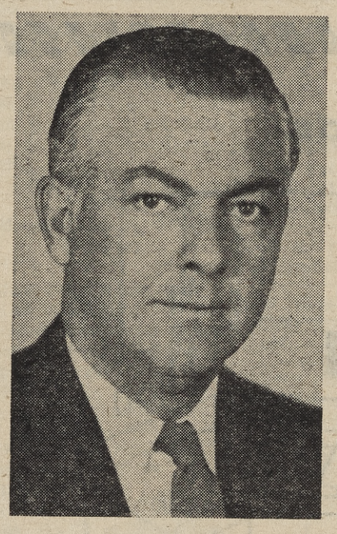
COOPERATION WITH LAW ENFORCEMENT OFFICERS NECESSARY IN COURT



The need for close cooperation between law enforcement officers and the Judicial District Court cannot be overstressed.

Without this cooperation, justice cannot be served. While each agency has a very definite function, justice on an equal basis for all cannot be achieved without an understanding between the two agencies.

I promise you that if elected I shall do all in my power to attain this cooperation to assure a smooth running court of law.

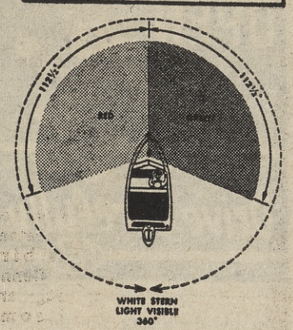
Boating Tips...



Any boat operating between sunset and sunrise must show navigation lights. By color and arrangement these lights identify you to other boats and show the direction of your course. In most waters minimum equipment is as follows: one bright white light, visible two miles in all directions, mounted as high as possible at the stern; one combination light, visible one mile, mounted near the bow, showing red to port and green to starboard. Each color must be visible from dead ahead to two points abaft the beam (the correct angle is built into the light). In mounting lights be sure that their visibility is not obstructed by other equipment, advise the Mercury outboard experts, Always have a powerful flashlight aboard. In some areas additional lights may be required — check local regulations before buying.

DONNER DOINGS

Gee it's great to be back at Donner Lake again after living in the bay area most of the winter. However, we spent weekends up here to ski.

Enjoyed our month in Europe attending the Olympics, visiting relatives, skiing in the Alps, and sightseeing, but how nice it is to return to the good ole U. S. A.!

There must have been about 75 boats out on the water last Saturday, the first day of fishing season. Most of the trollers brought in nice catches of Kokanee and several anglers fishing off the snowy banks hooked good sized rainbows.

Joey Corro almost lost his balance during the excitement of pulling in a 14-incher from shore. His leg is still in a cast from a skiing accident.

The unsettled weather and freezing temperatures didn't seem to make much difference to the anxious fishermen.

Most of the boats were the small easy to launch type due to the very low water level.

Spring is here, the robins have arrived- All winter the blue jays have been eating crumbs that have been scattered on our deck for them.

The little finches even seem to like the burnt cookies as does the tiny tree squirrel, and now the robins are hungry.

A very successful Spring Thaw Party was held at Donner Lake Lodge last Saturday night by the Truckee Co-op Nursery School, but the weather man apparently didn't attend. It snowed Sunday morning leaving 4 inches of white fluff on the ground causing chain requirements over the Pass.

Next Thursday, April 16, the Donner Lake Fire Department Auxiliary will hold an Old Fashioned Progressive Whist Party at Donner Lake Lodge starting at 8 p. m.

Coffee, pie and cake will be served, so plan to come and have fun, you're all invited to attend.

Tickets are only $1 and can be purchased at the door or from any Auxiliary member.

That's all for now . . . gotta go fishin'!

ON TOUR

E. M. Frost has written local friends of his complete and enjoyable tour of many of the principle places of interest in the U. S. He recently left New York for Chicago and is working his way west, expecting to be at Lake Tahoe by June.

CIGARETTES MAY BE BANNED AT SIERRA

Lee Morningstar, Sierra College health and safety committee chairman, is polling the student body this week to determine their reaction to a proposal to remove cigarette vending machines from the campus.

The study is part of a proposal to the student body to try a "no smoking" campaign on campus for one week, complete with guest speakers, removal of "temptation" in the form of the machines, and an intensive campaign of posters.

The informal poll, according to health and safety committee member Marsha Gates, is being taken by suggestion box submission to the campus newspaper, Argonaut.

EXAMINATIONS

AUBURN—April 10 is the final date for filing for the examinations to be conducted by the Placer County personnel department for a non-technical laboratory assistant and a typist clerk III. Details may be obtained from the personnel department at Auburn.

One of the nice things about owning it is selling it.

A new Volkswagen doesn't depreciate wildly the minute you turn the key.

In a sense, the older it gets the more valuable it gets.

So that in 5 years, the same VW will be worth more than some 5-year-old cars that cost twice as much to begin with.

Old VWs are worth a lot because a lot of people want them.

One reason is that it takes a real car nut to tell a clean used one from a new one.

VWs always look like VWs.

Another reason is that they hold up.

A VW is put together so well, it's practically airtight. (It helps to open a window to close a door. Even on old ones.)

And, new VW or old, there's all that nice money you keep saving on gas, oil, tires, insurance, and repairs.

So you can get a nice price for it. (If, for some strange reason, you'd want to sell.)

It's the kind of economy that people are willing to pay an arm and a leg for.

at Inglewood to visit their grandmother, Mrs. Mary Lewison.

Bob and Caroline Elliott of Agate Bay and Mike and Debbie Le Leverre of Tahoe City enjoyed a trip to Palm Springs and Las Vegas. The trip was made in Bob's plane and report a most enjoyable vacation.

The Elliotts children, Cindy and Bobbie, enjoyed a stay with grandparents, Bill and Helen Elliott at Tahoe Vista while their parents were away.

Don and Sally Vance and son, Greg of Kings Beach enjoyed a vacation which took them to Disneyland, Death Valley and past San Simeon. A washed out road kept them from seeing the castle at San Simeon except at a distance. Came on to Pacific Grove and the bay area. The ten day trip was made in a 14 foot trailer which they can highly recommend as a way of travel.

The North Lake Tahoe Chamber of Commerce met March 6 at the Sportsmans Cafe in Tahoe City. Rev. Frank Evans was elected to the board of directors to replace the office vacated by Chuck Thayer.

Andy Creglow gave a brief resume of his attendance at the Placer County Chamber of Commerce meeting. Andy is manager of the Truckee Tahoe Airport.

Art Gerber proposed and the directors voted to accept his offer to prepare a book on the chamber to include brief resumes of the officers and directors with pictures and also members, their places of business and other items of interest.

The chamber meets today (Thursday) at 10 a. m. at the Crystal Bay Club.

Bethel Van Tassel of Tahoe Vista visited her mother, Mrs. Martha Holmes, and sister, Mrs. LaVerna McFarlane, in Yuba City last week. Accompanying Bethel on the trip was LaZelle Marley of Tahoe Vista who visited relatives in Wheatland.

Dining at the Lotus Inn in Marysville, who should we meet but Larry Barnett and Carl and Elsie Bechdolt of Tahoe City who were down to the Peach Bowl Country Club to play some golf.

Mrs. Milda Ardman and daughter, Lou are new residents of Incline Village, coming from Parkerburg, West Virginia. Welcome to Lake Tahoe.

Artist, Cheri Martin of Toepa Lodge, Incline Village, is preparing for an art exhibit in San Francisco soon. Would be nice to have one at Lake Tahoe so all here could see her work. Maybe in the future?

W. H. Emerson and family have moved to Toepa Lodge, Incline Village from Sacramento. Emerson is in the masonry business.

Fred and Alysmae Schultz of Tahoe Vista safely returned home from their trip to Hawaii where they had a marvelous vacation and viewed the tidal wave. However, Fred reports it wasn't as bad as anticipated. They also saw and visited with Vera Moser who will soon be returning to her Crystal Bay resort for the summer.

Darlene Knorpp and children, Scott, Jon and Tami, of Crystal Shores visited her parents, Mr. and Mrs. William H. Miller at San Rafael last week.

Lyle and Adeline Gunkel of Tahoe Vista were business visitors to the Los Angeles area this past week.

We reported that Curtis Draney and Drew Weyman of Incline Beach had departed for Navy duty. However, because of clearance with Canada, Drew's birthplace, they had to postpone their induction.

Last week Curt had to have an emergency operation for appendicitis at the Carson Tahoe Hospital in Carson City. He and Drew were camping when the attack made hospitalization necessary. At home and recuperating now and again his departure for the Navy will be postponed.

Mr. and Mrs. Lewis Blodgett of Montclair visited their son, David, at Crystal Shores during Easter week.

Gary Wood of Oklahoma City visited his father, Art Wood, at Incline Village during Easter vacation. Gary is a student at the University of Oklahoma.

Dan Blocker, Hoss Cartwright of the Bonanza TV series, and his family were vacationers at Crystal Shores during Easter week. They enjoyed skiing at Alpine Meadows and Squaw Valley during their stay.

Ria Wagner has moved to Topea Lodge from the South Shore. She will be employed at the new Tahoe Sierra Hotel at Incline.

Bill Greenrod and son, Billy, of Crystal Bay enjoyed a trip to Boise, Idaho, to visit Bill's mother during Easter week.

The Eduard Robert family of Petaluma spent several days at their summer resort last week.

Jack and Velda Farris of Kings Beach entertained Joanne Swanson and her parents of Santa Clara over the weekend.

Tony Ryerson and family have returned to their Chicago home after several weeks at their Brockway home. While here the family enjoyed skiing at Squaw Valley.

Mr. and Mrs. L. B. Farrington are spending several days at their Incline Beach residence from Phoenix.

The W.S.C.S. held their April meeting in the Fireside Room of the Kings Beach Methodist Community Church on Wednesday. The Shuberts gave a very interesting program on their life as missionaries in Africa. Refreshments were enjoyed by the assembled guests following the program. Among those present were Pearl Draney, Beth Smith, Ruth Mizner, Fran Thompkins, Sophie Levra, Adeline Gunkel, Marguerite Ashton, Laura Wilson, Marguerite English, Louise Walter, Alice Sorensen, Isabelle Kissinger, Noreen Marx, V. Ann Mandeville, Sue Dwyer and mother, Nancy Rutledge, Marla, Nora Achziger and the guest, Pat Shubert.

Quite an attraction at the Crystal Bay Club these weekends when Bill McGarry and David "Randy" Randolph came in from San Francisco with their "harem" on the tours. Mighty pretty girls beautifully dressed, and gracious hostesses. No wonder Saturday nights are everyone's night out. Even the Crystal Bay Club is perking up with a new face lift—the drug store and Jetta's Coiffures both in the process of receiving a new look.

Jetta is brewing her paint pot as usual and many new looks are coming through in spite of the face lifting going on outside.

The other request was for a men's cologne: "Entice Cologne for Men by Michel (Chavez Ravine's Finest)."

Sales In County Show Some Gain

SACRAMENTO — (CNS) — Taxable retail sales in California during the last three months of 1963 rose nearly $500 million over the previous year to set a record of $7.8 billion, the state board of equalization reported.

This brought total sales for 1963 to a record $27.9 billion, up nearly $2 billion from 1962.

In Nevada County, fourth quarter sales of $9,161,000 brought the total for the year to $31,585,000. The fourth quarter sales produced $274,830 in the state's 3 per cent sales tax, .12 per cent of the state total and 19.3 per cent more than in the October-December quarter of 1962.

Of the 58 counties, 54 reported higher sales in 1963 than in any previous year. The 3 per cent sales tax produced $836.8 million in general fund revenues, a gain of $58 million from 1962, the board said.

Sierra Golfers To Host ARC Sunday

Sierra College's golfers will host American River JC's team at Sunset Oaks on Wednesday, April 15, following scheduled action April 6 at San Rafael against College of Marin.

The Wolverines also will host the conference teams at Sunset Oaks on Wednesday, April 22.

Last week the Sierra team had poor results at the Sonoma Country Club course, with host Santa Rosa piling up 198 GVC (Golden Valley Conference) points toward the title, with Yuba second at 171 and Sierra and Napa totalling 168 points each. Shasta trailed.

Playing in wind and rain, Dennis Jamison shot an 84 to lead Sierra. Carl Bechdolt is ineligible, so the Wolverines are missing their number two man.

Other Sierra scores were Jim Moore and Jack Thatcher, 92 each, Jim Batten 95, and Tom McKenzie 99.

CALIFORNIANS DRINK DISTILLED SPIRITS

SACRAMENTO — (CNS) — Glasses were raised in California during 1963 to down some 327 million gallons of alcoholic beverages, the state board of equalization reported.

Per capita consumption of distilled spirits, 1.8 gallons per person, remained the same as in 1962. However, the per capita consumption of beer increased by three 11-ounce cans, to an average of 175 for the year.

Changing tastes in wines continued to show in consumption, as the average use of dessert wine decreased by five ounces to .9 gallon, while the per capita consumption of table wine increased 10 ounces to 1.1 gallons.

There was a silght increase, half an ounce, in per capita consumption of sparkling wine.

Total distributions for the year amounted to 32,509,000 gallons of distilled spirits, 258,316,000 gallons of tax-paid beer and 7,463,000 tax-exempt gallons of beer to the armed forces, and 37,292,000 gallons of wine.

Burning Permits Are Now Required

Burning permits are required by state law between April 1 and December 1 for incinerators and debris burning.

Forest Supervisor Hank Branagh said that the State of California fire prevention laws apply also on national forest land. He further stated that among the regulations that become effective on April 1, in addition to burning permits are:

Spark arresters required on all gasoline or diesel operated equipment including motor scooters. Industrial operators working in forest areas must be equipped with fire fighting equipment such as shovels, axes and fire extinguishers. A clearing must be maintained around stationary engines and welding operations.

Supervisor Branagh anounces that burning permits can be secured at all ranger stations between the hours of 8 a. m. and 5 p. m. Monday through Friday.

These permits are only good within the National Forest. Permits for burning outside the National Forest can be obtained from any one of the several California State Division of Forestry offices.

Supervisor Branagh cautions people who have burning to do, not to be lulled into a false security by the late rains of the current winter.

COUNTY RECEIVES SHARE OF USE TAX

SACRAMENTO — State Controller Alan Cranston announced today that Nevada County received $27,475.19 as its share of highway users taxes distributed in March by his office. Placer County's apportionment was $50,550.36.

State apportionment for the month totaled $57,817,788, compared with $47,007,058 distributed during the same month a year ago, Cranston said.

OUT OF STATE GAME MUST BE DECLARED

People hunting and fishing outside the state must declare their fish or game before bringing it into California, the Department of Fish and Game reminded sportsmen this week.

The reminder was prompted by a rash of recent violations which involved fines from $25 to $100 because sportsmen failed to declare fish or game imported into the state.

COUNTY WINS SUIT FOR BOND MONEY

Nevada County recently was awarded judgment in the superior court for $3.150 against the United Bonding Company of Indiana which guaranteed the appearance in the Truckee Judicial District Court of Richard Marinoff in 1962.

The county filed the claim after Marinoff failed to appear on a fraud charge signed by District Attorney Harold Berliner.

The district attorney said Marinoff had a 24 year police record of major and minor crimes.

FIRE-ETTES PARADE OF HATS BIG SUCCESS

The Truckee Fire-Ettes hat parade Saturday was a big success as 55 members and guests gathered at Smart's for the delicious dinner and regular meeting.

The business meeting was held to a minimum time to concentrate on the hat parade but it was decided to hold the firemen's dance at Crystal Bay Club, Friday, June 5. Jean Scanlon and Hazel Beck reported they contacted all available places in the community to obtain prices and suggestions and the group voted on Crystal Bay as the one making the best offer.

Hats of every description were worn and the members displayed remarkable ingenuity and lots of labor in designing various styles. Prize winners were Hazel Beck with the most unusual; Roxie Archie with the most exotic; Barbara Eckerman, the most original and Ida Clatterbuck, the most clever.

The next meeting will be held at Donner Summit Lodge, Thursday, May 7.
